

Travelife Summary Progress Report 2024

Based on comparison between (Jan to Dec) 2023 VS (Jan to Dec) 2024

Introduction

As a part of our commitment to sustainable development, Coral Sea Water World hotel is proud to release its public sustainability report. The purpose of this report is to inform the hotel guests, team members, contractors and stakeholders about our activities where sustainability is related. Whether it is achievements and current performances, or it is short/long term strategies, goals and initiatives. Generally, we manage to strengthen more and more the economic, social and environmental nature of the enterprise through faithful implementation of a series of policies.

Sustainability Program

The hotel's sustainability program is based on the Travelife criteria. The hotel is certified with the gold standards of Travelife for 2023-2025 and our principal aim is to achieve the gold certification for the forthcoming years 2025 - 2027 based on the new Travelife criteria.

Progress Update of 2024:

Support towards Energy Conservation & Sustainability program:

- Decreased water consumption PGPD from 1.53 m3 in 2023 to 1.36 m3 in 2024.
